

Westerwälder Basalt-Cup

Dear Intercrossers around the world!

After the highly successful tournaments frequently held in Germany we do not want to leave it with just one chance to have fun here. Therefore, we proudly invite you to the first Westerwälder Basalt-Cup! Idyllic Landscapes, loads of fun and the sporting challenge of the best sport in the world should lure you to the Westerwald. We'd like to set a starting point for a long time of sporting and amicable get-togethers, officially registered in the FIIC European Cup. Biggest opportunity: we have two big gyms at our disposal and it would thus be the only tournament with this kind of equipment! Because size does matter ;)
